Washington, D.C. 20590

**Pipeline and Hazardous  
Materials Safety Administration**

DOT-SP 14768  
(FIFTH REVISION)

(FOR RENEWAL, SEE 49 CFR 107.109)

1. GRANTEE: (See individual authorization letter)
2. PURPOSE AND LIMITATION:
  - a. This special permit authorizes the transportation of certain Division 6.2 infectious substances and biological substances in alternative packaging (freezers) transported in privately owned motor vehicles by highway. This special permit provides no relief from the Hazardous Materials Regulations (HMR) other than as specifically stated herein. The most recent revision supersedes all previous revisions.
  - b. The safety analyses performed in the development of this special permit only considered the hazards and risks associated with the transportation in commerce.
  - c. Unless otherwise stated herein, this special permit consists of the special permit authorization letter issued to the grantee together with this document.
3. REGULATORY SYSTEM AFFECTED: 49 CFR Parts 106, 107 and 171-180.
4. REGULATIONS FROM WHICH EXEMPTED: 49 CFR §§ 173.196(a) and (b), and 173.199 in that packaging requirements are waived; and § 178.609 in that test requirements for packagings are waived, except as specified herein.
5. BASIS: This special permit is based on the application of Tobin & Sons Moving & Storage, Inc., dated August 10, 2017, submitted in accordance with § 107.105, the public proceeding thereon, and editorial corrections initiated by the Pipeline and Hazardous Materials Safety Administration in accordance with § 107.121.

**July 23, 2021**6. HAZARDOUS MATERIALS (49 CFR 172.101):

<b>Hazardous Materials Description</b>			
<b>Proper Shipping Name</b>	<b>Hazard Class/ Division</b>	<b>Identification Number</b>	<b>Packing Group</b>
Infectious substances, affecting animals only*	6.2	UN2900	N/A
Infectious substances, affecting humans*	6.2	UN2814	N/A
Biological substance, Category B	6.2	UN3373	N/A

\* Infectious substances for which effective treatments and preventive measures are not usually available are not allowed under this special permit.

7. SAFETY CONTROL MEASURES:a. PACKAGING:

(1) Materials, described in Paragraph 6, that are transported in freezers must be packaged as follows:

(i) Primary receptacle - Materials must be packed in securely sealed watertight primary receptacles (2 mL maximum capacity polypropylene vials).

(ii) Secondary Packaging- Vials must be secured in individual cells of a box. Not more than 81 vials must be packed inside a box (9 x 9 rows). Not more than 16 packed and closed boxes must be packed inside a plastic bag containing sufficient absorbent material to surround the boxes and absorb the entire contents of the vials in case of any damaged, broken and/or leaking vials. The packed plastic bag must be heat sealed.

(iii) Outer packaging - Not more than 30 heat-sealed plastic bags must be packed in a portable freezer of volume less than or equal to 28 cubic feet, which serves as outer packaging. Void spaces within a freezer must be filled with

**July 23, 2021**

plastic bubble wrap or packing paper to prevent movement of the inner packaging during transport.

(iv) The portable freezers must be constructed of double-walled steel and have insulation between the freezer walls.

(v) Each freezer door must be closed and secured to prevent opening during transport.

(vi) Materials in each freezer must be kept frozen at all times within the operating temperature range of -20°C to -95°C via the transport vehicle's redundant generators to run electricity to operate the freezer system, as well as the onboard refrigerator unit.

(vii) A back-up freezer system and liquid nitrogen (or dry ice), sufficient to keep the materials within the temperature range of -20°C to -95°C for at least twice the estimated travel time, must be carried on the transport vehicle.

b. OPERATIONAL CONTROLS:

(1) This special permit authorizes only the transport of packages (freezers) containing infectious substances and biological substances throughout the United States in a timely manner. Each trip must be preplanned.

(2) Packages transported under this special permit must be prepared by company employees.

(3) Packages must be loaded, transported in an exclusive-use refrigerated transport vehicle equipped with redundant generators, and unloaded by trained company employees, as follows:

(i) The freezer unit on the transport unit must be pre-cooled and brought as close as possible to the actual packages prior to loading.

(ii) The packages must then be hand-carted onboard the freezer vehicle equipped with redundant generators.

(4) Each freezer must be sealed and secured within the

**July 23, 2021**

vehicle to prevent movement.

(5) Not more than twenty (20) freezers may be transported in the transport vehicle.

(6) An itemized list of the contents of each freezer must be securely attached to the outside of each freezer.

(7) Emergency refrigeration and spill response procedures must be in place and operational to address loss of refrigeration, delay in transport, or release of infectious substances. Truck trailer access doors should be locked at all times except while loading, unloading, or directly monitoring refrigeration levels in the freezers.

(8) When transporting infectious materials described in § 172.800(b)(13), a security plan conforming with § 172.800 must be in place.

8. SPECIAL PROVISIONS: A current copy of this special permit must be maintained at each facility where the package is offered for transportation.
9. MODES OF TRANSPORTATION AUTHORIZED: Motor vehicle.
10. MODAL REQUIREMENTS: A current copy of this special permit must be carried aboard each motor vehicle used to transport packages covered by this special permit.
11. COMPLIANCE: Failure by a person to comply with any of the following may result in suspension or revocation of this special permit and penalties prescribed by the Federal hazardous materials transportation law, 49 U.S.C. 5101 et seq:
  - o All terms and conditions prescribed in this special permit and the Hazardous Materials Regulations, 49 CFR Parts 171-180.

**July 23, 2021**

- o Persons operating under the terms of this special permit must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.
- o Registration required by § 107.601 et seq., when applicable.

Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this special permit must receive training on the requirements and conditions of this special permit in addition to the training required by §§ 172.700 through 172.704.

No person may use or apply this special permit, including display of its number, when this special permit has expired or is otherwise no longer in effect.

Under Title VII of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU)—"The Hazardous Materials Safety and Security Reauthorization Act of 2005" (Pub. L. 109-59), 119 Stat. 1144 (August 10, 2005), amended the Federal hazardous materials transportation law by changing the term "exemption" to "special permit" and authorizes a special permit to be granted up to two years for new special permits and up to four years for renewals.

12. REPORTING REQUIREMENTS: Shipments or operations conducted under this special permit are subject to the Hazardous Materials Incident Reporting requirements specified in 49 CFR §§ 171.15 - Immediate notice of certain hazardous materials incidents, and 171.16 - Detailed hazardous materials incident reports. In addition, the grantee of this special permit must notify the Associate Administrator for Hazardous Materials Safety, in writing, of any incident involving a package, shipment or operation conducted under terms of this special permit.

Issued in Washington, D.C.:

for William Schoonover  
Associate Administrator for Hazardous Materials Safety

**July 23, 2021**

Address all inquiries to: Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Material Safety Administration, U.S. Department of Transportation, East Building PHH-13, 1200 New Jersey Avenue, Southeast, Washington, D.C. 20590.
